at this extraordinary  
seaside retreat.

Perched dramatically  
on the Sussex coast,  
The Cliffs in Ovingdean,  
Brighton, represents the  
pinnacle of seaside living.

This iconic development is a masterful renovation  
of a historic Art Deco landmark, offering 64  
exquisite one, two, and three-bedroom  
apartments, within a Grade II listed building.

Nestled in  
over 10 acres  
of beautifully  
landscaped grounds  
with panoramic sea  
and South Downs  
views, The Cliffs  
offers a lifestyle of  
unparalleled luxury  
and elegance.

Each apartment is meticulously designed to complement the building's Art Deco legacy, featuring exceptional finishes throughout.

Elegant engineered oak flooring, bespoke kitchens with quartzstone worktops, and luxurious bathrooms with brushed gold fittings are just some of the standout features. Thoughtful touches such as underfloor heating in bathrooms, fitted wardrobes with soft lighting, and high-end Neff appliances ensure a seamless blend of style and functionality.

With its origins as a sanctuary for rehabilitation & wellbeing, The Cliffs carries a rich history.

Established in 1938 as a pioneering centre for blind veterans, the building stood as a beacon of care and innovation for over eight decades.

This heritage has been lovingly preserved and reimagined, blending historic charm with contemporary sophistication including eco features such as solar panels and green roofs to create a truly unique residential offering.

Constructed in 1938, the building now transformed into The Cliffs began its life as the country's first purpose-built rehabilitation centre for the blind.

Designed by the renowned architect Francis Lorne with input from blind veterans themselves, the striking seven-storey Art Deco structure was celebrated for its innovative design, created to look like an aeroplane from above. Its cutting-edge features and thoughtful layout made it a pioneering example of architectural inclusivity.

The building played a vital role for over 85 years, serving thousands of blind veterans and their families as a centre for training, rehabilitation, and rest. It became a landmark on the Sussex coast, earning a literary mention in Graham Greene's Brighton Rock and hosting prominent visitors, including Queen Elizabeth II and Dame Vera Lynn. Though its original purpose shifted over time, leading to its closure in 2023, its rich history remains a testament to its legacy of care, community, and architectural brilliance.
